"We are on the right track. Please keep up the great work." - Message from the CEO

Message from the CEO

Over the years, Yulu-Burri-Ba has experienced many successes in delivering healthcare in our community, but the arrival of COVID-19 has tested our system like never before.

Although we appear to be doing relatively well in controlling the spread of this disease, please remember we have only arrived at this point because we have all:

- Remembered to socially distance
- Kept up our hand hygiene
- Been tested if we had flu like symptoms – especially at Dunwich where Yulu-Burri-Ba has a Fever Clinic for COVID-19 testing.

Another way we have all contributed to control the spread of COVID-19 has been to embrace the use of telehealth services. Telehealth has allowed our clients to consult our health professionals via videoconferencing or telephone, rather than in person.

We're on the right track. Please keep up the great work.

2020 has been a powerful reminder that our choices and actions have the power to protect the most vulnerable among us in a big way. The same holds true when it comes to being proactive about our other health issues.

This month we focus on breast cancer awareness and reducing the stigma of mental health.

Breast Cancer Awareness

Take the time this month to find out what you need to know about breast awareness and share this important information with your family, friends and colleagues. Check out www.nbcf.org.au.

Our Mission: Zero Deaths from Breast Cancer by 2030.

Ladies - get your health check in October and you will go in the draw for a \$100 Westfield Gift Voucher. Please call your YBB clinic in Dunwich, Wynnum or Capalaba to make an appointment.

Anxiety and Depression Awareness

The impacts of the coronavirus (COVID-19) outbreak, physical distancing and isolation can make us feel anxious, stressed and worried and October also focuses on raising the awareness that many struggle with mental health.

Our Yulu-Burri-Ba GP's, Psychologists, case managers and counsellors provide different types of services and treatments for depression and anxiety. If you would like to know more, speak to your Yulu-Burri-Ba GP. It's a really good place to start.

Poor physical health can lead to an increased risk of developing mental health problems. Similarly, poor mental health can negatively impact on physical health, leading to an increased risk of some conditions.

Whether it be physical or mental health - there's nothing more important than good health and there's no better time to book in for a health check.

- David Collins

PROTECT YOUR COMMUNITY

IF YOU OR SOMEONE YOU KNOW IS EXPERIENCING SYMPTOMS OF COVID-19,
PLEASE CALL YOUR HEALTH SERVICE OR CALL 13 HEALTH (13 432 584) FOR ADVICE.

IF IT'S AN EMERGENCY, CALL 000.

HAVE YOU HAD YOUR HEALTH CHECK?

A health check is an examination of your current state of health, carried out by one of our deadly Nurses or Aboriginal Health Workers and a Doctor. The aim of the health check is to help find, prevent or lessen the effect of health issues. It's like getting a car serviced before it breaks down. It's better to avoid disease than to treat it.

What can a health check involve?

- Updating your medical history and examining your health issues
- Performing tests like checking your blood pressure, blood sugar levels and an eye check
- A follow up if required and referrals to any other health specialists like Dietician, Dentist, and Podiatrist to name a few
- Advice and information on how to improve your health

All eligible clients who complete their health check also receive a Deadly Choices shirt!

Give us a call at one of our clinics to book in for your health check.

OUR ACKNOWLEDGMENT TO COUNTRY

We here at Yulu-Burri-Ba would like to acknowledge the custodians of the Quandamooka land in which we have the pleasure to work on.

We pay our respects to the elders of this land, past, present and emerging. We recognise what a privilege it is to be able to build our business on country, and practice the traditions and beliefs established by the Quandamooka people.

Yulu-Burri-Ba is also grateful for the Quandamooka employees we are fortunate enough to have with us, who continue to teach us and help us in protecting the culture and land of this beautiful place.

IN MEMORY OF NAIDOC WEEK

NAIDOC WEEK WAS MEANT TO BE HELD IN JULY...

Despite the postponement of NAIDOC Week, Yulu-Burri-Ba didn't want July to go by without some kind of celebration of Aboriginal and Torres Strait Islander culture. So in memory of what should have been a deadly week of traditional food, discussions, education and celebrations, Yulu-Burri-Ba's Dunwich Clinic held a staff lunch inspired by traditional meals using ingredients native to Australia.

Staff were encouraged to partner with other staff to create a dish and start discussions around traditional foods and what they mean to our people.

It was so special to see everyone - even our non-indigenous staff - put in the effort to make this lunch a true celebration of Indigenous culture!

BUT IT WILL NOW BE IN NOVEMBER!

This years official NAIDOC Week has been moved to 8-15 November, so keep an eye out to see what Yulu-Burri-Ba will be doing to celebrate - hopefully with our community in attendance!

OUR DEADLY DISHES!

DEADLY MAROONS DRAW

Get your 715 Health Check at one of our clinics and get in the draw to win a double pass, including flights and accommodation, to the State of Origin Round 3 in Brisbane! Jajum Bajara Art Competition

Yulu-Burri-Ba is asking all Quandamooka Artists to participate in a competition to develop artwork for the new Birthing in our Community Program - Jajum Bajara (child/baby footsteps).

The artwork will be used for various mediums including t-shirts, pamphlets and posters. In consultation with the artist, a logo and a wall mural size 2.3m by 4.6m will be developed from the winning artwork.

The artwork should encompass Jajum Bajara with key themes of honour, acknowledgement and growth.

PLEASE NOTE: Entry is open to any person of Aboriginal and/or Torres Strait Islander descent living in the Quandamooka region or is a Quandamooka Traditional Owner.

SUBMISSION DETAILS:

Fill out the submission form and submit digitally via hr@ybb.com.au, or drop in to one of our clinics.

Closing date is 18 October 2020.

For more info, visit our website www.ybb.com.au

How long have you been a nurse?

I have been a nurse for 31 years. A midwife for 29 years. A child health nurse for 16 years.

What's your favourite thing about being a Child Health Nurse/Midwife?

Caring for people and their family members both young and old. Everyone thinks I do Child Health for the babies/children and they are cute, and most importantly, they are the future - a delightful bundle of potential - however, I actually moved into Child and Family Community nursing to help Mum's look after themselves (so that they can better look after their families) when I realised just how hard a job being a Mother is.

What countries have you visited?

Not many. I am not much of a flyer. I didn't want to go overseas before I saw my own country - then I would know what I was missing. I have camped my whole way around Australia - 7 months straight at one stage in a tent, in winter and even through mouse plagues. I have marched around so many National Parks and they're all beautiful. Hopefully I can do it again before I am too old, this time with some more creature comforts though.

What's your favourite kind of food?

Cup of tea with sugar/home baking - Colleen is a real baker of what I would call country treats - slices and cakes - delicious and definitely not for diabetics.

Do you have a hidden talent?

I would love to tell you I am a concert pianist, an artist or a former Olympian but what you see is what you get - a bit of a dag really, but a friendly one. I am always interested in people and I suppose my talent is getting people to tell me their story.

What's your favourite thing to do outside of work?

It's a toss up between planting plants to attract butterflies and bees and walking my dogs all over Brisbane, looking at all the beautiful architectural homes with great gardens that I don't have to pay the mortgage on or maintain. (And eating gelato).

Wondering how to get your new bub signed up for medicare?

You need to enrol your newborn baby in Medicare as soon as possible. A newborn is a child aged up to 52 weeks or up to their first birthday. Your hospital or midwife will give you a Parent Pack after the birth. It'll include a Newborn Child Declaration form. A doctor or midwife must sign the form on the last page. Use this declaration as proof of your child's birth to enrol them in Medicare.

If you lose your Newborn Child Declaration form, you'll need your child's birth certificate to enrol them to Medicare.

If your child is over 52 weeks old, you'll need your child's birth certificate.

YBB clinics can help you with organising a birth certificate for your child below age of 5 yrs old (eligibility criteria: age 5 or under and up to date with 715 health check and vaccinations).

You can mail or email your Medicare enrolment form to Medicare Enrolment Services with your supporting documents. This form can be found at the following website: <https://www.servicesaustralia.gov.au/individuals/forms/ms004>

You don't need to get your supporting documents certified.

If you Identify as Aboriginal and Torres Strait Islander Australian and cannot provide standard identification documents (such as birth certificate, driver licence, current passport, marriage certificate or legal documents) use this form: <https://www.servicesaustralia.gov.au/individuals/forms/ms018>

For more info visit <https://www.servicesaustralia.gov.au/individuals/subjects/how-enrol-and-get-started-medicare/enrolling-your-baby-medicare>

COVID-19 UPDATE

TIPS FOR WEARING FACE MASKS

- wash hands or sanitise before putting on and taking off mask
- always wear it over your mouth AND nose
- once the mask is on, do not adjust it, or touch it until you are home
- if it is damp or torn, change it
- remove mask from ears, NOT the front, when taking it off
- place it straight into the wash or into the bin once used
- each single use mask should only be worn once before tossed
- each fabric mask should only be worn once before washed

PUMPKIN DAMPER

Ingredients

2 1/2 cups self-raising flour
2 1/2 cups wholemeal self-raising flour
1 teaspoon cinnamon
1/4 cup sugar
1 tablespoon margarine
2 cups cooked mashed pumpkin
1 lightly beaten egg
1/2 cup reduced fat milk
Extra low fat milk to brush over the dough
Canola or olive oil to grease baking tray

What to do

- Preheat oven to 200C.
- In a large bowl mix together self-raising flour, wholemeal self-raising flour, cinnamon and sugar. Rub the margarine into this dry mixture with your fingers.

- Add pumpkin, egg and milk and mix ingredients until dough starts to form.
- Knead on a lightly floured surface until smooth (about 5-8 minutes).
- Shape dough into a round circle.
- Place dough on a lightly greased oven tray and use a sharp knife to cut across the top of the dough.
- Brush the top of the dough with extra milk and bake for 30 to 35 minutes or until golden brown.
